

STRATEGIC PLAN

2025 - 2027

***“ To educate is an act of love, it is to give life.
And love is demanding. It calls for the best resources,
for awakening passions and for great patience...
young people are in need of quality teaching,
together with values not just enunciated,
but witnessed. ”***

A DESTINATION SCHOOL

To the St Francis Xavier College Community,

St Francis Xavier College is a large Systemic Secondary school that has proudly served the Belconnen region for over 47 years. Positive engagement and feedback have highlighted the confidence and enthusiasm our community has in our future as a leading school of excellence and innovation in North Canberra.

As we move toward the development of our 2025 – 2027 Strategic Plan we have looked first to the inspiration of our Patron Saint Francis Xavier whose legacy is expressed in the words ***'What more can I do for Christ'***, and which are encapsulated in our Vision statement.

LIVING THE TRUTH, LEADING WITH COURAGE, AND LEARNING FOR LIFE

As a Catholic school we believe that all members of our community are created in the image of God. Through a process of deep discernment we recognise that the development of the whole person lies at the heart of an exceptional educational experience at St Francis Xavier College. The holistic, spiritual, academic, social, emotional and physical wellbeing of each member of our community lies at the heart of our College Mission.

St Francis Xavier College is a school of excellence and innovation, one which is responsive to a rapidly changing local national and global environment. We recognise that wellbeing is an increasingly critical component of a successful learning environment in which all members of our community experience a sense of belonging and we must continue to be a lead school in this domain. Our aim is for our students to develop the knowledge and confidence to successfully navigate the joys and complexities of work, life and leisure in the 21st Century. We believe that success in education is about building curiosity, compassion, and mobilising the cognitive, social and emotional resources of our learners to take action now and in the future.

Catholic Education have identified 5 Strategic Pillars through which we will bring our College Vision and Mission to life and mobilise our strategic direction for 2025-27.

These Strategic Pillars are: Catholic Identity and Culture, Excellence in Teaching and Learning, Staff Capacity and Leadership, Partnerships and Community and Stewardship and Resources.

Our Strategic Pillars will provide a framework for how we will discern the future in the development of our Annual Improvement Plans through which we will report to our community each year. In discerning the future we will continue to be flexible, adaptable, and responsive to current research, best practice, system priorities and unforeseen challenges ensuring that the College delivers excellence and prepares its students to make a positive impact in the world.

St Francis Xavier College has for over four decades demonstrated the capacity to respond with confidence and clarity to the needs of the Canberra community and our evolving local, national and global partnerships in education. Our Vision and Mission contain the Christ centered values that unify and anchor us and it is these that will continue to guide us during our next stage of our Strategic planning. We are very confident that the College has the talent, imagination, creativity and commitment to build on our strengths and create new and exciting possibilities during our next strategic phase in 2025 – 2027.

Yours sincerely

Sandra Darley

OUR VISION

Our Vision calls us to build a vibrant and inclusive Catholic community where students, staff, and families are united in their commitment to excellence, peace, dignity, and reconciliation, and where all are invited to grow spiritually, intellectually, and socially, prepared to make a positive difference in the world.

The values contained within our Vision are expressed through the core elements of:

LIVING THE TRUTH

In this we will continue to deepen our Catholic identity and ensure that our educational environment is a place where students encounter Jesus Christ and grow in their faith. By living out the values of the Gospel, we will shape a community that exemplifies love, compassion, and integrity in all its endeavours. This element guides us in fostering a culture of belonging and inclusion, aligned with our Mission to advocate for human dignity and promote justice, peace, and reconciliation.

LEADING WITH COURAGE

This element expresses our commitment to developing confident, resilient leaders who embrace challenges with conviction and courage. Building on our Mission's call to inspire students to take action and make a meaningful difference, we will equip learners with the tools to lead effectively in a complex world, ensuring they are prepared to make informed, compassionate decisions that reflect the values of our College.

LEARNING FOR LIFE

As we continue to evolve as a school, we are committed to ensuring that our students are equipped with not only academic excellence but also the intellectual and emotional resources necessary for lifelong learning. Through fostering curiosity, empathy, and a commitment to environmental stewardship, we will inspire our students to engage deeply with the world around them and prepare them for the challenges and opportunities of the 21st century.

OUR MISSION

As a Catholic school we believe that all members of our community are created in the image of God. Through a process of deep discernment, we recognise that the development of the whole person lies at the heart of an exceptional educational experience at St Francis Xavier College. The holistic, spiritual, academic, social, emotional, and physical wellbeing of each member of our community lies at the heart of our College Mission.

We aim for our students to develop the knowledge and confidence to successfully navigate the joys and complexities of work, life and leisure in the 21st Century. We believe that success in education is about building curiosity, compassion, and mobilising the cognitive, social and emotional resources of our learners to take action now and in the future.

Our Mission as a contemporary Catholic school is expressed by:

The manner in which we enter into relationship with Jesus and invite others to do so

The manner in which we seek to provide excellence in educational opportunity for all

The manner in which we advocate for the human dignity and rights of all within our community

The manner in which we advocate for and protect the marginalised in our community

The manner in which we promote the search for peace, justice, integrity and respectful relationships in our community

The manner in which we protect and sustain our natural environment

The manner in which we evangelise the multitude of cultures through which people live their lives and express their identities in our community

Through the manner in which we celebrate the range of faith traditions in our community

Through the promotion of national and inter community reconciliation in our community
